The responsibilities of the child safety officer are outlined at [Guidance for child safety champions](#).

Our child safety officer (principal) is the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents. The child safety officer (principal) is responsible for monitoring the school's compliance with the *Child Safety and Wellbeing Policy*. Anyone in our school community should approach the child safety officer if they have any concerns about the school's compliance with the *Child Safety and Wellbeing Policy*.

The child safety officer (principal) is responsible for informing the school community about this policy and making it publicly available. Other specific roles and responsibilities are named in other child safety policies and procedures, including the *Child Safety Code of Conduct*, *Child Safety Responding and Reporting Obligations Policy and Procedures*, and the *Child Safety Risk Register*.

Our school has also established a Child Safety and Wellbeing Team for child safety. The Child Safety and Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing.

Our child safety officer (principal) monitors the Child Safety Risk Register.

Child Safety Code of Conduct

Our *Child Safety Code of Conduct* sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our *activity specific* risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our *Child Safety Risk Register* is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school principal will monitor and evaluate the effectiveness of the actions in the *Child Safety Risk Register* at least annually.

To support child safety and wellbeing at Seaholme Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through our whole school approach to developing respectful relationships, our *Student Code of Conduct* and our school values.

We inform students of their rights through our whole school approach to wellbeing through the School Wide Positive Behaviours (SWPBS) model, Respectful Relationships (RR) curriculum and our Social and Emotional Learning (SEL) programs to give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at school reception and on our school website.
